### TESTIMONIALS SELECTED.

Prof. H. H. Croft, Public Analyst, Toronto, says: "I find it to be perfectly sound, containing no impurities or adulterations and can also recommend it as perfectly pure and a very superior malt liquor."

John B. Edwards, Prof. of Chemistry Montreal, says: "I find them to be remarkably sound ales, brewed from pure malt and hops."

Rev. P. J. Ed Page, Prof. of Chemistry, Laval University, Quebec, says: "I have analyzed the India Pale Ale manufactured by John Labatt, London, Ont., and I have found it a light ale, containing but little alcohol, of a delicious flavor, and of a very agreeable taste and superior quality, and compare with the best imported ales. I have also analyzed the Porter XXX Stout of the same brewery, which is of excellent quality; its flavor is very agreeable; it is a tonic more energetic than the above ale for it is a little richer in alcohol, and can be compared advantageously with any imported article."
